About Your Membership

Your AAA membership entitles you to AAA services and benefits. It's easy to obtain AAA services, simply:

- Call or visit any AAA branch office
- Visit AAA.com

Your Membership Card is Valuable!

Remember, your membership is personal - it belongs only to you and is not transferable to a non-member.

Because AAA membership covers the individual, not the family or household car, it is essential that all eligible members in the household have their own membership card to receive services and benefits. With AAA membership cards, you and your household members will be able to request AAA road service no matter what car the member is driving or riding in as a passenger. Membership is for personal, non-commercial use.

Your Membership Dues

Membership dues are billed annually or monthly. You may hold only one membership at a time. Membership eligibility, dues, fees, benefits, and services are subject to change without notice. An individual may have only one membership. All applications and renewals are subject to approval and acceptance by AAA East Central. Membership includes a nondeductible \$1 subscription for *AAA Motorist/Traveler* publication. Returned checks and returned electronic payments may be re-presented for payment. Each returned payment is subject to a returned payment fee, which may be debited electronically. For fee amount visit AAA.com/servicefee.

Annual Dues Option

AAA East Central memberships paid annually are valid for one year (excluding special offers and promotions). The day and month and, in most cases, year that your membership expires appears on your membership card. Prior to the expiration of your membership, you will receive one or more renewal notices. These notices will state the names of the current Primary and Associate Members, the current services, and the total membership dues required for renewal. You may add or change Associate Members and services if desired.

Your renewal payment is due as of your membership expiration date. We accept renewal payments up to 90 days after your membership expiration date. If you renew your membership prior to your membership expiration date or within 90 days thereafter, your original membership number, membership join date and membership expiration date will remain unchanged and your renewed membership term will expire one year from your membership expiration date, even if such new expiration date is less than one year from the date you paid for your renewal. AAA East Central will continue to provide

most membership benefits and services to you after your membership expiration date for a limited period of time; however, if you do not renew, you will be billed a service charge for certain services used during such period.

If you prefer not to renew, you may purchase a new membership at any time subject to all applicable new membership policies. New memberships are issued with new membership numbers, no prior "membership years," and may require payment of certain non-refundable fees, such as a new member admission fee. New memberships expire one year (excluding special offers and promotions) from the membership join date.

By enrolling in AAA Auto Pay for the annual dues option, your AAA membership dues will be on automatic payment and your membership will renew automatically for one year unless you contact us to cancel AAA Auto Pay or your membership prior to your membership expiration date. Each year, we will send you a statement of your current services and renewal dues amount no less than 30 days prior to your expiration date. We will charge the dues shown on your statement about 7 days prior to your expiration date from your debit/credit card account on file or about one business day before your expiration date from your checking account on file. Returned checks and electronic payments may be re-presented for payment. Each returned payment is subject to a returned payment fee, which may be debited electronically. For fee amount, visit AAA.com/servicefee. Payments that cannot be processed or payments returned unpaid or otherwise rejected by your financial institution may result in cancellation of AAA Auto Pay enrollment and membership. You may cancel AAA Auto Pay or update your credit or debit card account number and/or expiration date at any time by calling us at 1-800-441-5008, going online at AAA.com/myaccount or visiting your local branch. You may cancel your membership at any time by contacting us at 1-800-441-5008 or visiting your local branch.

Monthly Dues Option

The monthly dues option for AAA membership requires the authorization of automatic payments charged to a credit or debit card ("Monthly Auto Pay"). You will receive notice of your monthly dues and scheduled payment date upon joining, annually thereafter, and when you make changes to your membership. Your payment will be processed up to four (4) days after: (i) your scheduled payment date or (ii) if your payment date is not contained in a given month, the last day of the month. Your membership will automatically renew each month until you cancel it. You may cancel your membership at any time, without future dues payment obligations, by contacting us at 1-800-441-5008 or visiting your local branch at least three (3) days prior to your next scheduled payment date. There is no requirement to keep your membership for a full membership year or any number of months. You must cancel your membership at least three (3) days prior to your next scheduled payment date to avoid renewal for an additional month. Monthly dues payments are non-refundable. If we are unable to process your monthly payment, your membership benefits will be suspended and you will need to re-authorize your Monthly Auto Pay enrollment and make the past due payment no later than fourteen(14) days after your payment due date or your membership will automatically cancel and you will be billed for any roadside assistance services used after your missed payment. You agree to maintain a valid email address on file with us and we will email you notice of any payment failures. You can make changes to or cancel Auto Pay

online at AAA.com/myaccount, by phone at 1-800-441-5008, or by visiting your local branch. If your Monthly Dues Option or membership is cancelled for any reason, all primary and associate members under your membership cannot rejoin or renew with Monthly Auto Pay, but, if eligible, may rejoin only upon payment of admission fee and annual dues in full, with no discount and subject to all applicable new membership policies.

If you add or remove associate members or change your member benefit level, it may take up to two billing cycles for the new amount to be charged. If the change results in an increase in your monthly dues, we may process an additional charge for the amount of any effective increase that was not previously charged. If the change results in a reduction of your monthly dues, both a charge and refund may appear on your next credit or debit card statement. New associates or benefit level upgrades will be effective immediately upon processing, subject to applicable wait periods. If you remove an associate, reduce your benefit level or cancel your membership, those changes must be made at least three (3) days prior to your next scheduled payment date to be effective at the start of the next month. The minimum associate member age is 19 for the Monthly Dues Option. Monthly Dues Option is not available in New York.

Additional Terms for AAA Auto Pay – Annual Dues Option or Automatic Payments – Monthly Dues Option

You agree that we may contact you at the phone number on file via a prerecorded voice message, auto-dialer, or text message in the event your automatic payment fails for any reason or in other circumstances related to your automatic payments or your membership. If your card issuing financial institution participates in the Card Account Updater program, we may receive an updated card account number and/or expiration date for your card on file. Unless you opt out of the program with your card issuer, we will update our files and use the new information for AAA Auto Pay and Monthly Auto Pay. We will not receive updated information if your account has been closed.

Automotive Services

Emergency Road Service

AAA's 24-hour Emergency Road Service means there is always a person to call in case of an automotive emergency. We'll get you back on the road as quickly as possible with a dedicated network of more than 63,000 service vehicles nationwide.

AAA assistance includes changing a flat tire, jumping a dead battery or mobile battery testing and replacement service, delivering emergency gasoline or fuel, lock out and key service, or when all else fails, towing your car. We'll provide the assistance to help you get behind the wheel again as quickly as possible.

AAA Emergency Road Service is available 24 hours a day, 7 days a week, and is designed to assist you in an emergency when your vehicle, or the vehicle in which you are a passenger, becomes disabled. Your membership coverage applies only to those emergency and towing services listed in this guide. AAA coverage entitles each AAA member in the Primary Member's household up to 4 calls per membership year. After 4 calls, members will be charged for service.

Your AAA Membership Card is Your Key to Service

To receive emergency road service, you must present your AAA membership card or dues receipt and a matching driver's license or other state or federally issued photo identification to the independent service provider when the service vehicle arrives. Your identification may be scanned or swiped to verify your identity and authenticity of identification. You must provide a driver's license for identification if you are the driver.

Service is available only to the person named on the membership card, who is the driver of or a passenger in the vehicle at the time of the vehicle disablement. AAA memberships are not transferable, and membership service is not provided to nonmembers. Other members of your household who want emergency road service must have their own membership cards, in their own names, to obtain service.

Unless a valid AAA membership card and matching valid driver's license or other state or federally issued photo identification are presented at the time of service, you will be required to pay for the service provided at commercial rates. A non-refundable service fee applies each time you use Roadside Assistance for the first three days of your new membership. See AAA.com/servicefee for fee amount.

To Obtain Service

AAA is only a phone call or click away! In the case of an automotive emergency, call the AAA number listed on your AAA membership card. You'll be connected to our 24-hour dispatch center or the AAA club in the area from where you are calling. You can also request emergency road service online at AAA.com, or via the Auto Club App, which can be downloaded free of charge. To help speed our response, be prepared to:

- Provide your name, membership number and your club code listed on your membership card.
- Give the exact location of your disabled vehicle and the nature of the trouble.
- Provide the vehicle's year, make, color, and license plate number.
- If possible, provide a telephone number where you can be reached.

Allowable Roadside Assistance Calls

Each AAA cardholder is entitled to four (4) emergency road service calls or reimbursements for personal, non-commercial use per membership year at no charge, provided the calls meet the conditions described in this guide. There will be a service charge for each additional service call after the fourth call or reimbursement. AAA may require immediate payment of a service charge by credit or debit card for Classic benefit level service before providing emergency road service on the fifth or subsequent service request in a membership year.

Additional charges for emergency road service beyond the Classic benefit level, such as towing beyond 3 miles, the cost of emergency fuel and excess vehicle locksmith services, will be payable by the member at the time of service. If the member is unable to provide a valid credit or debit card to AAA at the time of service request or the charge is not approved by the credit or debit card company, AAA may send service on a C.O.D. basis, meaning all charges payable by the member will be paid directly to the independent service provider at the time of service. If a cardholder has an unpaid service charge balance and contacts AAA for emergency road service, AAA may require immediate payment of both the unpaid balance and the service charge for the current service call before providing service. The nonpayment of a service charge may result in cancellation of membership.

Service Inclusions

• Mechanical First Aid

The AAA emergency service representative will make minor mechanical repairs or adjustments to place a vehicle in safe driving condition. If needed and available, parts and the labor cost to install them are to be paid by the member. If the vehicle cannot be put into condition to proceed under its own power, towing service, as described in Towing Services, will be provided.

• Flat Tire Service

If the vehicle's spare tire is inflated and serviceable, it will be installed in place of the vehicle's flat tire. If not, towing provisions will apply. With AAA RV/Motorcycle roadside assistance, members will receive RV flat tire service on allowable service calls, subject to the RV/Motorcycle dollar amount limitations described in TOWING SERVICE – RV/MOTORCYCLES section below.

• AAA Battery Service

AAA Battery Service is a mobile battery testing and replacement service. The AAA Battery Service technician will test and assess the vehicle's battery and electrical system. If the existing battery fails the test and the member would like to have the battery replaced, the member can purchase a AAA battery. The technician will install a new battery, if available, that meets

or exceeds the vehicle's original specifications. Each AAA Premium battery is backed by a limited warranty that includes a 3-year, free-replacement guarantee. **AAA Battery Service is generally provided by independent service providers and is only available in select areas, during select hours.** Batteries are available for most makes and models. Battery prices vary depending on vehicle make and model. Copies of the warranties are available for inspection from the technician at any time upon request. Membership emergency road service terms and conditions apply.

- **Fuel Delivery Service**

An emergency supply of fuel will be delivered to a member's disabled vehicle enabling the member to reach the nearest service station. The member will be charged for the fuel at current pump prices. Specific quantities, brand, or octane ratings cannot be promised, nor can availability.

AAA Plus provides sufficient free emergency fuel to enable you to reach the nearest service station, when your vehicle runs out of fuel.

- **Towing Services**

When your vehicle cannot be started or driven due to a sudden or unexpected breakdown and after attempting any of the listed emergency services, towing service is available. A covered vehicle disablement is a sudden or unexpected mechanical, electrical or other failure of a motor vehicle that places the vehicle in an unsafe or undrivable condition. Not all independent service providers perform repairs at their facility. A member must be present when the vehicle is delivered to a closed repair facility. Towing beyond the benefits described in this section will be performed at the member's expense and may be subject to delay.

- **TOWING SERVICE – NON-RV/MOTORCYCLE VEHICLES**

- The independent service provider can tow the vehicle back to its facility, no matter how far away, at no charge to the member. If you choose to have the non-RV/motorcycle vehicle towed to another location (including a AAA Approved Auto Repair facility), it will be towed without charge to a destination of your choice that is up to three (3) driving miles from the point of breakdown on allowable service calls for Classic members and up to 100 driving miles from the point of breakdown on allowable service calls for AAA Plus.

With AAA Premier, you can use one (1) allowable Roadside Assistance service call per household per membership year for a non-RV/motorcycle tow of up to 200 driving miles, and the remaining allowable service calls in the membership year for non-RV/motorcycle tows of up to 100 driving miles.

AAA Plus and AAA Premier benefits increase the distance limits on non-RV/motorcycle tows for allowable service calls, but do not add extra allowable service calls. AAA Plus and AAA Premier towing may be subject to a delay.

- **TOWING SERVICE – RV/ MOTORCYCLES** – Tow benefit for RVs and motorcycles, as well as extrication and

winching, and tire change service for RVs are available as allowable service calls for AAA Plus RV and AAA Premier RV members. AAA will pay up to \$500 towards services per allowable RV/Motorcycle service call, up to \$1,000 total per household per membership year on allowable RV/Motorcycle service calls. Members will be responsible for all other costs of service above that amount. AAA Plus RV and AAA Premier RV Members may use any or all of their four allowable calls for RV or Motorcycle service, subject to limits described in this Section.

- **Extrication/Winching**

Your vehicle will be pulled out of a ditch by being extricated/winched when it can be safely reached from a normally traveled or established thoroughfare (driveways must be cleared of snow or ice). If special equipment, additional service personnel or vehicles are required, the associated costs will be at your expense.

AAA Plus and AAA Plus RV provides a second truck and second driver, for up to one hour, if your situation requires it, subject to the RV/Motorcycle dollar amount limitations described in TOWING SERVICE – RV/MOTORCYCLES section above.

- **Emergency Check Acceptance**

Club and contract facilities will accept payment by check, credit or debit card for payment of emergency road service charges up to \$250 per occurrence.

- **Lockout Service**

If your keys are locked inside the vehicle, services will be sent to gain entrance. If your keys are lost, broken, or the service provider cannot gain entrance to your vehicle, locksmith services up to \$60 or, if a AAA locksmith is not available, reimbursement for locksmith service up to \$60, will be provided. In cases where the vehicle cannot be made operable, towing services will be provided according to our towing provision.

AAA Plus provides up to a total of \$100 in parts and labor to gain entry or make vehicle operable.

AAA Premier provides up to \$150 for Vehicle Locksmith, \$100 Home Lockout Service reimbursement.

- **Service Limitations**

Emergency road service will be limited to that which can be provided with equipment ordinarily used by the independent service provider serving the area. Service will not be provided when the disabled vehicle cannot be safely reached or serviced without damage to the vehicle or servicing equipment.

Towing service is only provided for a covered vehicle disablement. Service may not be used as a substitute for regular maintenance necessary to keep a vehicle in good operating condition. AAA cannot render service repeatedly to a vehicle in need of repair.

Service is intended for personal, non-commercial use, and only provided for a covered vehicle disablement. A covered vehicle

disablement is a sudden or unexpected mechanical, electrical, or other failure of a motor vehicle that places the vehicle in an unsafe or undriveable condition. An individual's AAA membership may not be used by a business or organization to provide roadside assistance service for its customers, employees or vehicles, including, but not limited to taxicabs, limousines, shuttles and other commercial vehicles for hire. The following services are not provided under the membership benefit:

- Servicing or extrication of vehicles on inaccessible streets, back roads, driveways, parking lots or alleys which become snowbound or flooded.
- Shoveling snow from around a vehicle or cleaning a road or driveway.
- Service to a vehicle located in an area not regularly traveled by private passenger vehicles (such as beach, open field, creek bed, private logging or forest service road).
- Towing to or from auto dismantlers, salvage yards, repair facility to repair facility or from one storage location to another.
- Towing for the purpose of transporting vehicles due to a purchase, sale, renovation, auction transaction, car show exhibition, charitable donation, relocation or any other similar situation.
- Service to a vehicle that is loaded, altered or constructed in such a way as to cause damage or create a hazard while being serviced.
- Charges related to impound or stolen vehicle recovery, towing or storage.
- Tire rotation, the installation or removal of snow tires or tire chains.
- Cost of vehicle locksmith services beyond what is necessary to place the vehicle in a condition to be safely driven (such as duplicating keys, nonemergency lock repairs and re-keying of vehicle locks).
- Service in situations where the membership card and matching valid driver's license or other state or federally issued photo identification is not provided to the service driver. You must provide a driver's license for identification if you are the driver.
- Use of two or more roadside assistance service calls to extend the member tow mileage benefit for the same breakdown.
- AAA Plus[®] members will be responsible for any additional mileage charges beyond 100 driving miles of towing per roadside assistance call. AAA Premier[®] members will be responsible for any additional mileage charges beyond 200 driving miles of towing on one (1) roadside assistance service call per AAA Premier[®] household per membership year and beyond 100 driving miles of towing on the remaining allowable roadside assistance service calls.
- Towing, extrication/winching and tire change service for RVs and towing and extrication and winching services

for motorcycles, unless the member has optional RV/Motorcycle Roadside Assistance benefits.

- Extended Roadside Assistance services for AAA Plus[®], AAA Plus[®] RV, AAA Premier[®] or AAA Premier[®] RV benefit levels, where available, are effective 7 calendar days after processing, and receipt of the full payment due.
- Without limiting any other rights or remedies it may have, AAA may seek reimbursement from a member or associate for roadside assistance services fraudulently or wrongfully obtained by the member or associate. Primary members are responsible for the conduct and the service demands of their associates.

- **Special Assistance**

When your vehicle cannot be made operable upon providing the services listed in this guide, AAA will assist you in finding the nearest open place of repair. If a repair facility cannot be located, we will assist you in obtaining lodging or alternate transportation, which will be at your expense.

Eligible Vehicles

Service applies to 4-wheeled motor-driven vehicles of the passenger, pleasure or recreational type that were in operation immediately prior to disablement - provided that services can be safely delivered. If specific towing equipment is requested, but not required to safely transport the vehicle, the associated cost will be at your expense.

Automobiles, pickup trucks, sport utility vehicles, vans and minivans are eligible for those services which can be safely performed with equipment available from the independent service provider, including slings, wheel-lift devices, car carriers (flatbeds) and dolly wheels. Dual-wheel unloaded pickup trucks are eligible for all services except tire services.

Motorcycle coverage is available with optional AAA Plus RV coverage. Motorcycles (as defined by registration) must be licensed for highway use.

Recreational Vehicles (RVs) are eligible for service with the exception of towing, extrication/wincing and tire change service.

Towing, extrication/wincing and tire service for RVs is available with optional AAA Plus RV and AAA Premier RV coverage. RVs include dual-wheel motor homes, camper vans and cabover campers, motorcycles, and recreational trailers including camping trailers, fifth-wheel trailers and empty horse trailers. Boat trailers, personal watercraft trailers and ATV trailers must be

either empty or transporting recreational vehicles or equipment. Utility trailers must be carrying recreational equipment (for non-commercial use). Commercial trailers are excluded. Service does not include transportation of horses.

Unable to Locate the Vehicle

If a service provider does not appear within the time stated by the AAA customer service representative, please call AAA back to let us know. The service provider may not have been able to locate your vehicle.

Cancel Unnecessary Calls

If the requested service is no longer needed and the AAA service representative has not yet arrived, please call AAA immediately, as each service call is charged against the member's record.

Weather Emergencies

During severe weather conditions, AAA reserves the right to suspend service temporarily if the vehicle is already in a place of safety, such as a private or public garage, driveway, etc. AAA will provide service to the vehicle after the weather emergency is over.

Alternate Service

If you have followed the procedure outlined to obtain emergency road service, and AAA service is not available, you may obtain your own service, pay for it and submit the original receipt to your AAA club within 60 days. Reimbursement will be based on the prevailing commercial rate for the region where the vehicle was disabled. In instances where the AAA contractor access is legally restricted (toll roads, limited-access highways), reimbursement will be provided for all covered services. If AAA service was available, but not requested, reimbursement may be limited to the amount the club would normally have paid for the covered service. If a member's vehicle is on a toll road and must be towed on/from the toll road the member will be responsible for all associated toll fees.

No reimbursements will be made by AAA on charges incurred when a member's vehicle is removed from the street or under direction of the police because of illegal parking, traffic violations, or other illegal activities. Storage charges and cleanup fees from the scene of a traffic accident are also not eligible for reimbursement.

Members having more than 4 road service calls during their membership year are not eligible for alternate service reimbursement.

Member's Risk

Before servicing any vehicle when there is a possibility of damage to the vehicle or other property as a result of the service, a service representative will inform the member that the member must assume the risk of damage. Any such circumstances should be fully recorded on a release form.

While AAA-affiliated service providers are selected to provide the best emergency road service to our members, such providers are independent contractors and are not agents of AAA. AAA assumes no responsibility for any injuries to persons or property, including damage to the member's vehicle, as a result of an emergency road service request.

AAA will make every reasonable effort to work out a settlement between a member and an affiliated service provider of the member's claim for damages resulting from unsatisfactory emergency road service. Please contact AAA as soon as possible, and no longer than 10 days of the incident, and prior to repairs so that a prompt investigation can be made while all facts are available.

AAA Approved Auto Repair shops agree to offer members a workmanship guarantee of 24 months or 24,000 miles, whichever comes first under normal operating conditions, a written estimate of the cost of all work performed on your vehicle and a free 40-point vehicle maintenance inspection and report, upon request, with a paid service. AAA members will also receive a prompt vehicle evaluation within 60 minutes of arrival at an Approved Auto Repair facility, assistance in obtaining alternate transportation and a 10% discount off regularly priced parts and labor, up to \$50. And, if there ever is a dispute between a AAA member and the Approved Auto Repair facility, AAA will step in to arbitrate the issue, and the facility will accept AAA's decision as binding.

AAA is unable to provide service to members whose memberships have expired without payment. To receive continued AAA coverage, members must reimburse AAA within 14 days for outstanding charges or checks returned for insufficient funds.

Dues Refund Policy

AAA's ultimate goal is the satisfaction of its members. AAA wants members to be satisfied with their exclusive benefits and services. If you are not satisfied, we will make every reasonable effort to resolve any dissatisfaction, within appropriate guidelines and policies. If AAA is unable to resolve issues to your satisfaction, members paying annual dues may be eligible for a pro-rated refund of your membership dues. Refunds will be based on the remainder of your membership dues year, (calculated from the end of the month you request a refund through the expiration date of your current membership) prior service usage and other considerations. **Monthly dues payments are non-refundable.**

Replacement Membership Cards

Replacement membership cards are available for members who lose their AAA membership card. There may be a charge for multiple requests for replacement cards.
